

Ooh Ahh

Gina G

Can't take it when you put your lovin' on me
You make me say ooh when you're touchin' on me
Don't know what to do when you give it to me
You make me say ooh ahh ooh ahh
Can't take it when you put your lovin' on me
You make me say ooh when you're touchin' on me
Don't know what to do when you give it to me
You make me say ooh ahh ooh ahh
Hush for a minute, touch for a minute
Move for a minute, just the minute
Hot in the middle, dance for a little
Kiss for a little, just a little
Ooh when I need it I can't get enough
When you give it want you more and more
It's somethin' that you do
I can't take it when you
Can't take it when you put your lovin' on me
You make me say ooh when you're touchin' on me
Don't know what to do when you give it to me
You make me say ooh ahh ooh ahh
Can't take it when you put your lovin' on me
You make me say ooh when you're touchin' on me
Don't know what to do when you give it to me
You make me say ooh ahh ooh ahh
Meant when I said it you're gonna get it
Love when we did it, wrapped up in it
Holdin' me steady, hooked and I'm ready
Breathe and it's heavy, come and get me
Ooh when I need it I can't get enough
When you give it want you more and more
It's somethin' that you do
I can't take it when you
Can't take it when you put your lovin' on me
You make me say ooh when you're touchin' on me
Don't know what to do when you give it to me
You make me say ooh ahh ooh ahh
Can't take it when you put your lovin' on me
You make me say ooh when you're touchin' on me
Don't know what to do when you give it to me

You make me say ooh ahh ooh ahh
When I ever need you you're right on time
Right on time
You make me say ooh ahh, ooh ahh
Take up all my pain, my mind
You make me say ooh ahh, ooh ahh
Ooh, I can't take it when you put your love on me
Can't take it when you put your lovin' on me
You make me say ooh when you're touchin' on me
Don't know what to do when you give it to me
You make me say ooh ahh ooh ahh
Can't take it when you put your lovin' on me
You make me say ooh when you're touchin' on me
Don't know what to do when you give it to me
You make me say ooh ahh ooh ahh
Can't take it when you put your lovin' on me
You make me say ooh when you're touchin' on me
Don't know what to do when you give it to me
You make me say ooh ahh ooh ahh
Can't take it when you put your lovin' on me
Don't know what to do when you give it to me
Can't take it when you put your lovin' on me
Don't know what to do when you give it to me
