

Heat (Fabian Mazur Remix)

Scarlet Pleasure

No need to complicate it,
Another night intoxicated
Shit I do another, and I'm gone without you girl (without you girl)
Usually I stay on my groove
Now I got a fever for you-u
Temperature is droppin' whenever you're not around
And I'm like; Oh no baby - We can't feel a thing (feel a thing)
Stone cold " (I don't know) I don't know what hit me baby
How I want it, oh so bad (oh so bad)
I been longing for your body
There must be something warm in me
I need your heat
Lovers one more time, I got the feeling it could be the right - i need your heat
Come on cause I need it now
Oh girl " I need your heat
Stop right there for me
I tryna do them things because I need your heat, heat, heat - yeah
Give me your heat No reason to delay it
Cause I'm already suffocated
Shit I do another, been out lost without my girl
Street tryna make people get it
All my days, got me jaded
Hoes ice cold, where can I go
With you on my mind
And I'm like; Oh no baby - We can't feel a thing (feel a thing)
Stone cold " (I don't know) I don't know what hit me baby
How do I want it, (oh so bad) oh so bad
I been longing for your body
There must be something warm in me
I need your heat
Lovers one more time, I got the feeling it could be the right - i need your heat
Come on cause I need it now
Oh girl " I need your heat
Stop right there for me
I tryna speak up for me because I need your heat, heat, heat - yeah All this champagne flows, but I still feel
alone In this lonely street
Only you and me
You and meeeee
Lovers one more time, I got the feeling it could be the right

Come on cause I need it now
I need it now
Oh girl
Stop right there for me (stop right there)
I tryna do the things because I need your heat, heat heat
I need it, I need it
Need your heat
Lovers one more time, feelin' it could be the right
Come on cause I need it now, need it now
Stop right there for me (stop right there)
Talkin' thats because i need your heat, heat, heat, heat (baby)
Give me your heat
