## Cockney Rejects

Shitter look what you've done to me
Shitter just can't you seeyou left me when we sprayed that car
couldn't find you, you ran so far
geezer gave me a good slap
now I wanna get you backyou're really gone and done it now
you left me when we had a row
you weren't there to help me
you was back at home eating your teayou left me when we sprayed that car
couldn't find you, you ran so far
you're the biggest shitter I've never seen
you're the biggest bottle there has ever been
