

Don't You Throw That Mojo On Me

Mark Selby

You go where you want to, go out on the town
Expect to keep me waitin' with that law you're layin' down, that ain't right
 Tonight I'm breaking free, ain't gonna work no more
Don't you throw that mojo on meYou got some magic I'll give you that
 But it just ain't worth it, I ain't going back no more
 Under your lock and your key, I know that look
Don't you throw that mojo on meYou ain't gonna be my hangman, I ain't gonna wear no noose
 You don't know just what I got, that I'll be turnin' loose
 You ain't the only one, I got some tricks up my sleeve
 It might come back to haunt you
 Don't you throw that mojo on me
