Stuck In the Middle

Sweeney Todd

I didn't mean to hurt you
you took me by surprise
I couldn't just desert you
let you feed them all those lies

Is this all because of money
did you have to loose your life

Oh, Oh, Oh.....stuck in the middle Lovett
I'm stuck in the middle Darlin'
I'm stuck in the middle over pearls and you

Flown here on the arms of demons
Just to see you burn in hell
there are far to many reasons
to leave you here to tell
I'll just pop you in your oven
and wash up my little knife

Is this all because of money
did you have to lose your life
