I want to watch you
I want to feel you
I want to hold you like the best damn thing
I've ever possessed
I might be possessed
I am an angel in disguiseIm on track to never tell
Stories of the ones that care
There is more to what they sayWe're all trying to live before we die
We wanna make it, we wanna make it out alive
We're all trying to live before we die
We're gonna make it, we're gonna make it outSleep, I love to watch you when you sleep at night
My hands moves slowly to your skirt
You breathe, yeah a moment I would freeze in time
I am an angel in disguiseIm on track to never tell
Stories of the ones that care
There is more to what they sayWe're all trying to live before we die
We wanna make it, we wanna make it out alive
We're all trying to live before we die
We're gonna make it, we're gonna make it outYou want a lover
I want a murder
You want a lover
I want a murder
You want a lover
I want a murder
You are the lover
I'm gonna murderYou want a lover
I want a murder
You are the lover
I'm gonna murder
(oh)We're all trying to live before we die
We wanna make it, we wanna make it out alive
We're all trying to live before we die
We're gonna make it, we're gonna make it out
