

Your Love Found Me

Heidi Montag

I was dragging my feet
Along that path I was walking
With no hope to defeat
No problem for what I was lacking
I held my head up looking for love
Down looking under
Up looking over
I held my breath
I opened my eyes
And I saw you
I was just so lost
Until your love found me
My dreams come true
Your arms around me
There's just no other
Place I'd rather be
I've been warm inside
Thinking about your touch
And my fears subside
From loving you so much
Never before has anybody
Ever come close to me and my needs
I'm so glad your love found me
My vision became
Certainly clear
Through your love glass
Perplexed it was
Once complex now easy at last
I held my head up looking for love
Down looking under
Up looking over
I held my breath
I opened my eyes
And I saw you
I was just so lost
Until your love found me
My dreams come true
Your arms around me
There's just no other

Place I'd rather be
I've been warm inside
Thinking about your touch
And my fears subside
From loving you so much
Never before has anybody
Ever come close to me and my needs

I'm so glad your love found me
I didn't know
Life could be like this
I couldn't think lips
Had such a kiss
I didn't have faith in someone else
But you proved me wrong
You and I belong
Together, together
Don't want
Another, another lover
(Hey, hey)
Together, together, together
Don't want
Another, another, another
I was just so lost
Until your love found me
My dreams come true
Your arms around me
There's just no other
Place I'd rather be
I've been warm inside
Thinking about your touch
And my fears subside
From loving you so much
Never before has anybody
Ever come close to me and my needs
I'm so glad your love found me
I'm so glad your love found me
I'm so glad your love found me
I'm so glad your love found me
I'm so glad, I'm so glad your love found me
I'm so glad your love found me
I'm so glad your love found me
I'm so glad your love found me
I'm so glad, I'm so glad your love found me
I'm so glad your love found me

I'm so glad your love found me
I'm so glad your love found me
I'm so glad, I'm so glad your love found me
I'm so glad your love found me
I'm so glad your love found me
I'm so glad your love found me
I'm so glad, I'm so glad your love found me
