

Witchery

Fozzy

This magic
So tragic, yeah
For the one stricken by the devil's curse
Casted spells
Straight from dark hell
Paint the floor red and
read my black verse I can make you love me (When I chant this hex)
I can make you fear me (Now you know you're next)
I can make you love me (When I revile your name)
I can make you fear me (Step into the flame) Sinister
This sister hood
Aged coven at the mercy of the Supreme
Spirits fly
Pure hearts will die
In this hose possessed the tortured
dead scream
I can make you love me (When I chant this hex)
I can make you fear me (Now you know you're next)
I can make you love me (When I revile your name)
I can make you fear me (Step into the flame) You'll never know this power
Your life force I will devour
Leaving you to cower
In the devil's dark abyss
Call me witchery
Your free will belongs to me
Seven wonders I can see
Soul stealer with a kiss Na, na na na na na na na na na
Na na na na na, na na na na
Na, na na na na na na na na na
Na na na na na, na na na na
I can make you love me (When I chant this hex)
I can make you fear me (Now you know you're next)
I can make you love me (When I revile your name)
I can make you fear me (Step into the flame)
