

# This Celluloid Dream

AFI

Oh Calling tears from deep inside  
Oh, you're so exquisite  
And in the mirror, all midnight eyes  
Oh, if I could remain, but it's just a visit  
All midnight eyes, read vacancy Twisted  
Twisted To the lovely dancing lights  
I begged, may I cut in?  
But they never stopped, playing their song  
Of a joyous song they sing  
I've heard whispers  
On a freezing note, I resonate Just like romantic verses  
Just like a joyous end  
Just like a memory, it twists me Just like romantic verses  
Just like a joyous end, twisting me You land as lightly as the new snow, cinematic  
Onto the melting boy and melt away  
You light as gently you're so, cinematic  
Bathed in your radiance, I melt  
Oh In the glitter, in the dark  
Sunk into velvet, praying this will never end  
In the shadow of a star, in static pallor  
I realized I never began Just like romantic verses  
Just like a joyous end  
Just like a memory, it twists me Just like romantic verses  
Just like a joyous end, twisting me You land as lightly as the new snow, cinematic  
Onto the melting boy and melt away  
You light as gently you're so, cinematic  
Bathed in your radiance, I melt All the colors upon leaving, all will turn to gray  
All the colors upon leaving, all will turn to gray  
All the colors upon leaving, all will turn to gray  
All the colors upon leaving, all will turn to gray Twisting me You land as lightly as the new snow, cinematic  
Onto the melting boy and melt away  
You light as gently you're so, cinematic  
Bathed in your radiance, I melt You land as lightly as the new snow, cinematic  
You land as lightly as the new snow, cinematic  
Onto the melting boy and melt away  
You light as gently you're so, cinematic  
Bathed in your radiance, I melt
