

# Green Lights

NF

Yeah

My name buzzin', ain't no way you could ignore it  
I did not come this far so they could ignore me  
I am not the one to say, "I'll do it in the mornin'"  
I'd rather get it done, don't focus on what's not important  
They try to talk to me like they been nothin' but supportive  
Appreciate the love, but do not show up on my doorstep  
If you ain't about that real, I suggest that you avoid me  
If we ain't on the same page, that's the end of story, ah!  
Hey, you are not a baller 'cause your closet's full of Jordan's  
You are not a rich man 'cause you're on the Forbes list  
First, I dropped a record, then you know I gotta tour it  
Real's still the slogan, only difference is there's more of us  
The story of my life feels like it's just beginnin' now  
I ask you a question, I want answers, not the run-around  
You the one that brought it up, but I'm the one to shut it down  
If you ain't got the album yet, I brought you one, I'm at your house

Hey!

All I see is green lights

All I see is green lights

All I spit is real life

Bet you don't know what that's like (huh?)

All I see is green lights, woo

All I see is green lights, yeah

All I spit is real life

I bet you don't know what that's like Yeah

I know where I'm goin', I don't let no one distract me  
I don't need directions from nobody in the back seat  
I don't need these people in my corner tryna gas me  
I'd rather have people in my corner tryna check me  
Yeah, I walk off the bus a different city than the last week  
Let the fans speak, they gon' tell you 'bout the past me  
If I'm bein' honest, last year I was in a bad place  
Wouldn't say I'm out of it, but don't feel like I can't be, ah!  
Who you know droppin' clean records, but they nasty?  
I was made for this, I could tell when mama had me  
I hopped right off the table, told my doctor, "I ain't average."  
He asked me, "What does that mean?"  
I told him, "Get the pen and pad, please."

Who'd a known I'd write something that could change lives?  
I don't think y'all fully understand the way you changed mine  
I look at the future that's in front of me with both eyes  
Three records, three years, I don't like to waste time  
Oh yeah!

All I see is green lights, yeah  
All I see is green lights, haha  
All I spit is real life (real life)  
Bet you don't know what that's like (you don't know!)  
All I see is green lights (green lights), woo  
All I see is green lights (green lights), yeah  
All I spit is real life (oh!)  
I bet you don't know what that's like (no!)Haha  
All I see is "green lights!"  
Yeah  
Oh my!
