One Night

Yung Berg

Yo, it goes tellin', hoes bobbin'
Saturday 3'o clock on Melrose shoppin'
6pm flight for more club hoppin'
Landing at H town, damn, they got it poppin'
The whole party rockin' if the young don't know how we come through
One night in town and we only got one room
Presidential suite, baby, girl with the front view
Forget about your friends, ma, I'm talkin' to you
Said the way you move, girl, you puttin' it down
Got me stuck in the zone, I can't leave her alone, I gotta have her around
See I don't know about you, girl, you turnin' me on, turnin' me on
Gotta nigga, like hold up, wait a minute, stop
(It's all on you)
Would you be my lover?
(For one night)
I just wanna hold you
(For one night)
I don't wanna tease you
Promise, I'm a please you
If you let me hold you
(For one night)
Would you be my lover?
(For one night)
I just wanna hold you
(For one night)
Gotta nigga, like hold up, wait a minute, stop
(It's all on you)
So what you want me to do? I'm doing all I possibly can
Ma, I been at the airport waitin' on stand by
All this just to catch a plane out to NY
And lay yo ass down for one night
You know what I live like, yeah, the mansion, the coupe
You should've known I could never settle down with you
Until I see you in Atlanta when I mail you through
I got twenty four hours for you
Said the way that you move, girl, you puttin' it down
Got me stuck in the zone, I can't leave her alone, I gotta have her around
See I don't know about you, girl, you turnin' me on
Gotta nigga, like hold up, wait a minute, stop

(It's all on you)
Would you be my lover?
(For one night)
I just wanna hold you
(For one night)
I don't wanna tease you
Promise, I'm a please you
If you let me hold you
(For one night)
Would you be my lover?
(For one night)
I just wanna hold you
(For one night)
Gotta nigga, like hold up, wait a minute, stop
(It's all on you)
