G's

Scareface

Everyday is the same thing
Another kid shot down by the gang bang killer
On the prowl just sizin' up
As the body counts keep rizin' up yeah
I ain't down with that G shit
G you fuck, me you fuck around
Get that wig split
You wanna war, you got that war, bitchTerror and mayhem, step muthafucka just step
I bring them terror and mayhem
Step muthafucka just step back
As I bring them terror and mayhem
Step muthafucka just step
I bring them terror and mayhem
StepKillin' sprees shootin' all those wanna be's
Those G's bringin' those bitches to their knees
Tiskit a taskit that ass in a casket
But do you think it seems a bit drastic
As I ain't down with that G shit
G you fuck, me you fuck around
Get that wig split
You wanna war, you got that war, bitchTerror and mayhem, step muthafucka just step
I bring them terror and mayhem
Step muthafucka just step back
As I bring them terror and mayhem
Step muthafucka just step
I bring them terror and mayhem
StepGot something for that wanna be G ass
Got something for that fake
Got something for that wanna be G ass
Know you love to hate
Got something for that wanna be G ass
Got something for that fake
Got something for that wanna be G assTerror and mayhem, step muthafucka just step
I bring them terror and mayhem
Step muthafucka just step back
As I bring them terror and mayhem
Step muthafucka just step
I bring them terror and mayhem
StepOne little G talking shit like a big shot

That muthafucka is the first one to get shot
You think I play when I come what I'm stressing
I am gonna teach these muthafuckin' lessons
Face down nose in the dirt you bleeding
One less G in the hood still breathing
You wanna war, you got that war bitchTerror and mayhem, step muthafucka just step
I bring them terror and mayhem
Step muthafucka just step back
As I bring them terror and mayhem
Step muthafucka just step
I bring them terror and mayhem
Step
Step
Step muthafucka
Step
Step muthafucka
{What a big piece of shit muthafucha}
