

Heart and Hands

Vince Vaccaro

Keep close
Darling got me
He moves slowly from me He's cold
Your eyes on me
He won't know that you got me Sound asleep it's everything I want it to
In the light it fades away
Hold a dream and turn it into grey Last night I slept
Blowing rooftop
Fell over edge, falling,
Woke up Sound asleep he's everything I want him to
In the light he is what he is
Hold him tight and watch him fade away Love, is this running?
Am I stopping?
Will you hold?
Love, am I running?
I'm not stopping
Not for nothing.
Love, I'm just running,
I'm not stopping
Not for no one. Keep close, your eyes on me
As I go, darling lost me.
