Forevermore

Thurston Moore

Draw a circle in the holy fortress
The silent souls that seek your soul kiss
Fireflies come to life in church lights
Spirit minds reflect in your eyes
That's why I love you forevermoreAnimals come to be in your zone
Here to languish in your dream home
They meet your gaze in a perfect freedom
That's why I love you forevermore
That's why I want you forevermoreAnimals, they sing and adore
Intuitions flash before you
Born to kiss the line and soul face
Is happiness the throne of your grace?
That's why I love you forevermoreShadows sweep through the ancient cathedral
Mary Magdalene, sweet light soul
Your smiling eyes in the candles, holy go
That's why I love you forevermore
That's why I want you forevermoreYou draw a circle in the holy fortress
The silent souls that seek your soul kiss
Born to kiss, the lion's soul lies
His happiness reflects in your eyes
That's why I love you forevermoreAnimals, they sing and adore you
A spirit language of perfect freedom
They meet your gaze in ancient, my love
That's why I love you forevermore
That's why I want you forevermore
That's why I love you forevermore
That's why I want you forevermore
That's why I want you forevermore
That's why I want you forevermore
That's why I want you forevermore
