

Dream Aid (Hi Frequency/Low Frequency)

Haujobb

High speed progress
Step by step into a trap
Moment insignificant
No way to penetrate the spotlight surface
So stay outside close to your private light
Short-term memory
Permanently generating
Plastic destiny
Trying so hard to turn aside
All the stress from oneself
Intelligence frustrates
The polished face
A fading race
Fed with facts
To regenerate the lost inborn abilities
We keep on training
That difficult breathing
A forced, perfect state
Protects us from rainiest moving towards
Some difficulties fearless
Changing skins renew
To the beginning again and again
A generation exists just one day short story
Mirrors break
Asleep in a crack
Man-made aid
To alleviate
A man-made pain
