

Set Me Free

Five

You say I'm crazy
But I don't have the time (time time)
Stargate (time time)
Uh, five

You say I'm crazy
But I don't have the time (time time)
Yeah (time time)
C'mon

I I I
I have been runnin' 'round all after you
You you you
You have been playin' me for a fool
My my my
My situation's got me all confused
What what what
What should I be holdin' out for you

We
It could have been so easily
Aoh
It's hurtin' me
Can't you see

You say I'm crazy
But I don't have the time
I'm wincin' lately
'Cause you're always on my mind
I can't always be what you want me to be
If I'm not for you
The baby set me free

Uh uh uh
Set me free, yeah
Uh uh uh
C'mon

I I I
I have been thinkin' of you constantly

You you you
You got me thinkin' of you sexually
My my my
My lonely nights (Ah)
Why why why
'Cause all I wanna do is you

We
It could have been so easily
Aoh (Ao!)
It's hurtin' me
Can't you see

You say I'm crazy
But I don't have the time (no no - no no)
I'm wincin' lately
'Cause you're always on my mind (yeah)
I can't always be what you want me to be (want me to be - yeah)
If I'm not for you
The baby set me free

There'll come a time
You will be mine
Baby I feel it deep inside
I'm beggin' you please
Get down on your knees
'Cause I wanna rock you all night long (rock you all night long)

Yeah yeah yeah ye-eah
Yeah
C'mon

I'm gonna rock you all night long

You say I'm crazy (crazy)
But I don't have the time
I'm wincin' lately
'Cause you're always on my mind
I can't always be what you want me to be (wanna be, wanna be)
If I'm not for you (wanna be, wanna be)
The baby set me free

You say I'm crazy (crazy)
But I don't have the time (gonna rock you baby)
I'm wincin' lately (wincin')
'Cause you're always on my mind

I can't always be what you want me to be (crazy)

If I'm not for you

The baby set me free
