

The Situation

Black Eyed Peas

Some times I pick the flower
'Cause I wanna know
He loves me not, he loves me lot
He's got to go Not talking 'bout the dude
That's on the go, go, go
The situation that we got
Is so much more, more, more, more, more You make me laugh, you make me cry
But I want you right by my side
And if you go, I can die
You bring me low, you bring me high I build you up, you break me down
And that's story of our situa-a-a-a-tion, tion
You pick me high, I let you down
And that's story of our situa-a-a-a-tion, tion My therapist told me that opposites attract
I wish that you was here when opposites attack
You love me then you hate, what's it going to be?
Don't wanna miss the magic that is you and me You make me glow, you make me shine
We always fight right on time
And if you go, I can die
You bring me low, you bring be high I build you up, you break me down
And that's story of our situa-a-a-a-tion, tion
You pick me high, I let you down
And that's story of our situa-a-a-a-tion, tion Sometimes we don't see each other eye to eye, baby
We up and down like a roller coaster ride, baby
Sometimes you don't see the way I try, baby
I hate the way you make me wanna cry, lady I wanna fly away, sometimes I need a break
The way you treat me made me wanna go and say
But I can't go on without you in my arm
I can't resisted the way you used me with your charm You make me glow, you make me shine
We always fight right on time
And if you go, I can die
You bring me low, you bring be high I build you up, you break me down
And that's story of our situa-a-a-a-tion, tion
You pick me high, I let you down
And that's story of our situa-a-a-a-tion, tion I build you up, you break me down
And that's story of our situa-a-a-a-tion, tion
You pick me high, I let you down
And that's story of our situa-a-a
