# Don't Stay Away

## Phyllis Dillon

What am I thinking high in mind
Don't you see me all the time
Don't you forget all the words I say
Don't stay away

Girl, don't stay away and be true to me
Don't wanna hurt me so I'm afraid
That you're not telling me a lot of things I hate
Maybe you'll understand me when I say
Don't stay away
