

# All Saints Day

## Drowning Pool

Stare into a mirror, Facade  
As you kneel to a proceline god  
Wipe your ass with material things  
Hell is what everlife will bringI will stand on Heaven's shore  
And hold a sign saying "Fuck the world!"We're all sinners, or so they say  
(We're all Sinners on All Saint's Day x2)  
We're all sinners so let us pray  
(We're all Sinners on All Saint's Day x2)  
Fill your mouth with my sick hope  
As it grows you love to choke  
Tears of lust, like pearls will fall  
Slut, Slut, Slut, Slut, Slut! after all  
Dress your pigs in robes of black  
The pigs just wails when you turn your backWe're all sinners, or so they say  
(We're all Sinners on All Saint's Day x2)  
We're all sinners so let us pray  
(We're all Sinners on All Saint's Day x2)We're all Sinners on All Saint's DayLet them pray, Let them praise,  
while we hate, while we rage yeahRead my mind, by the look of my face  
Cut out your soul just to spite your faith (dispite your faith x2)  
You're sick sick sick, 6 6 6We're all sinners on All Saint's Day, We're all sinners now  
We're all sinners, or so they say  
(We're all Sinners on All Saint's Day x2)  
We're all sinners so let us pray  
(We're all Sinners on All Saint's Day x2)  
We're all Sinners on All Saint's DayWe're all Sinners on All Saint's Day x4  
We're all Sinners now
