Eternal Rest

Avenged Sevenfold

Black enchanting eyes, cut through my heart with no regret or sign of life They tear apart my pride and cold runs through my veins I feel their stare from miles haunting every step and they won't stop hunting me down I know the time will come, when all around me's burned and you'll still see me there Asking where you went too and what person brought you here And why you left the burning children cold out in the night and calling for you all alone...

Dark in their hearts,
I can feel it burn inside of me
Tormented young with no souls, haunting me
Pain in their lives all they know is misery
Take these chains away that are holding me down

They'll find you alone
and your desperate and villainous ways
Turning their hearts into stone
they seek more then vengeance
Look in their eyes your pain is their satisfaction
Look in their eyes and see the darkness take hold
Burn for the rest of time

Hear the haunting words
lost children with no heart are crying
and your the lost mother their calling
I hear them crying at night
outside when the planets are falling
They want to feel and know you hear them

Dark in their hearts, I can feel it burn inside of me Tormented young with no souls, haunting me Pain in their lives all they know is misery Take these chains away that are holding me down
