Rein raus

Rammstein

I am the rider, you are the horse
I climb on, we ride off
You moan, I whisper to you
An elephant in the eye of a needleIn, outI am the rider, you are the horse
I have the key, you have the lock
The door opens, I enter
Life can be so splendorousIn, outDeeper, deeper
Say it, say it loud, deeper, deeper
I am well within your skin
And a thousand elephants break outThe ride was short, I am sorry
I climb off, I have no time
I must go now to the other horses
They also want to be riddenIn, outIn
(Deeper)
Out
(Deeper)
