Everyone's on Tour

Nada Surf

I want to go to the party
Where the music's always on
It's always someone's favorite song
Like everyone's on tour
And nobody has to be anywhere anymoreWhite pedal
When you try
Black pedal
You give up quick
You're ready to hideI want to know how I feel for you
Not to vote, decide
Like half of nature died
Leaving only my name
Ain't no reason to go anywhere out in this rain
I want to be with you
And you're in my house
No worries, life is on
And all our jobs are done
Like you and me are on tour
We're drinking wine and we're rolling around on the floorI'm coming over - saying hello
I'm coming over - saying hello
I'm coming over - saying hello
I'm coming over - saying helloEach slot goes to only one side
Each bird goes to only one pileI'm coming over - saying hello
I'm coming over - saying hello
I want to go to the party
Where the music's always on
It's always someone's favorite song
Like everyone's on tour
And nobody has to be anywhere anymore
