# What I Meant to Say

## Clear Cut

Come and watch the sunrise
Watch the sun rise with me
Forget about the last night
And the whole ordeal
'Cause I can say some dumb things
Some fucking dumb things, true
But sometimes what I say
It isn't how I really feel
Let's go take a walk, babe
Take a walk to nowhere
Somewhere we can talk, babe
Only you and me
Don't know what I was thinking
I guess the drinking got me
'Cause sometimes what I say
It isn't how I really feel
What I meant to say last night
Is I never want to be without you
Oh, that's what I meant to say
When you walked away last night
I knew I couldn't make it without you
That's what I meant to say
I know it's not the first time
That I drove you crazy
It's probably not the last time
That you'll want to leave
'Cause I can say some dumb things
Some fucking dumb things, true
But sometimes what I say

It isn't how I really feel
What I meant to say last night
Is I never want to be without you
Oh, that's what I meant to say
When you walked away last night
I knew I couldn't make it without you
That's what I meant to say
What I meant to say
I can say some dumb things

Some fucking dumb things
Oh, that's what I meant to
I can say some dumb things
Some fucking dumb
Oh
Before you walked away
Oh
That's what I meant to say
What I meant to say last night
Is I never want to be without you
Oh, that's what I meant to say
When you walked away last night
I knew I couldn't make it without you
That's what I meant to say
What I meant to say
'Cause I can say some dumb things
Some fucking dumb things
