No Light

3rd Strike

Look away cause I'm strange in my mind
Let's make a place for me
So I feel right insideLost what is gone need to know to cary on
If I'd only see the light
Maybe then I'd be alright
I know they'd rather see me down
On my knees than on my feet
Tell me what's this world we're living inSometimes it seems so strange
On the outside looking in no light
Another man with a blood shot soul
Get up don't be one stand up
Control destiny don't back away
Guns are blasting
Hating me
Cant take me
I've got to survive
First the order the hit
Then forget it's all justified
No retreat defeat
All that completeLife full of tears
Sin for 2000 yearsBe not afraid that's what they say
I'm fed more liesSee my violent self
All has passed away
But dreams stay aliveLost what is gone need to know to cary onIf I'd only see the light
Maybe then I'd be alright
I know they'd rather see me down
On my knees than on my feet
Tell me what's this world we're living in
Sometimes it seems so strange
On the outside looking in no light
Another man with a blood shot soul
Get up don't be one stand up
Control destiny don't back awayGuns are blasting
Hating me
Cant take me
I've got to survive
First the order the hitThen forget it's all justified
No retreat defeat
All that complete

Life full of tears
Sin for 2000 years
Test the best
Check pride inside minds
Never the enemy
I ain't ever going to die
First you're here today
And then you're gone tomorrow
Why must we live this way everyday wasting our lives
Not all has gone away
I she'd a tear of sorrow
Too bad we couldn't stay
One more day follow me tonight
Follow me tonight
Let's go fly away tomorrow
Ehere everything's alrighty
Everything's alright
Lost what is gone need to know to cary on
If I'd only see the light
Maybe then I'd be alright
I know they'd rather see me down
On my knees than on my feet
Tell me what's this world we're living in
Sometimes it seems so strange
On the outside looking in no light
Another man with a blood shot soul
Get up don't be one stand up
Control destiny don't back away
Guns are blasting
Hating me
Cant take me
I've got to survive
First the order the hit
Then forget it's all justified
No retreat defeat
All that complete
Life full of tears
Sin for 2000 years
