

Stryderman

Tinchy Stryder

She's like, oh, there's Stryderman
Top East London writer man
If anyone can then Stryder can
Got her caught on the web like Spiderman
She's like, oh, that Stryderman
Top East London writer man
If anyone can then Stryder can
Work through on the whip like Spiderman
Yo, hi, it's me again, tell them it's Stryder
The girlfriend taker, the boyfriends hate me
All I gotta do is drop a double one liner
And if not minor the necklace will blind her
The other dudes can't do it like me
I mean Prada boots with the new Armani
Look, men are on a hype, like watch when I see him
But when I go come, there like kamikaze
Girls like paper but I'm a raider
But I'm on ya telly so it makes things easier
And it's so obvious we do this major
From the whip to the gun, I'm sweat-ain her
Look pie-hater, don't get mad
'Cause I got your girl webbed up quick like a spider
Don't get close to my goons, means danger
Don't get clocked on the radar, peace
She's like, oh, there's Stryderman
Top East London writer man
If anyone can then Stryder can
Got her caught on the web like Spiderman
She's like, oh, that Stryderman
Top East London writer man
If anyone can then Stryder can
Work through on the whip like Spiderman
Yeah, I do things my way, oh, that's the bow way
E3 free again, yep make da way
Line the bars like laps and drakes hallway
So I guarantee like always
And I've been locking down girls from school days
'Cause I've been a star in the hood from school raves
I got the girls, they lovin' it, can't get enough of it
I learned that from my old cool tape
And she's like, oh, there's Stryderman
I've been a top East London writer man
Look why's your man tryna see me, man?
He can't see me man, tell him I'm a ninja man
You chase girls and ladies chase us
But when those black [Incomprehensible], he's a mussler
[Incomprehensible] I ain't tryin' to start up a fuss
But real G's don't need luck
She's like, oh, there's Stryderman
Top East London writer man
If anyone can then Stryder can

Got her caught on the web like Spiderman
She's like, oh, that Stryderman
Top East London writer man
If anyone can then Stryder can
Work through on the whip like Spiderman
Strydes, yo, yo, I got my swagger and chicks like always
Strydes, I got my swagger and chicks like always
Get me, yoYo, she wants me, I know this
Gimme one week and I'll lock this
I'll have her mind lost like mazes
And I'm sayin' it large but conk this
But I kick back, chills, I got my mind straight
Mills, I'm sick with the rhyming
Ills, I'll carry on doin' what I'm doin'
That girls like
She's like, oh, there's Stryderman
Top East London writer man
If anyone can then Stryder can
Got her caught on the web like Spiderman
She's like, oh, that Stryderman
Top East London writer man
If anyone can then Stryder can
Work through on the whip like Spiderman
She's like, oh, there's Stryderman
Top East London writer man
If anyone can then Stryder can
Got her caught on the web like Spiderman
She's like, oh, that Stryderman
Top East London writer man
If anyone can then Stryder can
Work through on the whip like Spiderman
