Yeah, You

Bif Naked

Now that I've got you alone
There's something I wanna say
A secret I have kept awhile
And it seems right and I feel safe
I know I am right
I know this is the night
Yeah, you, making me come
Making me come all undone
Yeah, you, you have become
The only one I?ll ever love
Yeah, you, yeah, you
Yeah, you, yeah, you
Yeah, you, yeah, you
Yeah, you
Now that I've given myself
Is there something that you wanna say?
Without you, I'd be unwell
And it seems right and I feel safe
I know I am right
I know this is the night
Yeah, you, making me come
Making me come all undone
Yeah, you, you have become
The only one I?ll ever love
Yeah, you, yeah, you
Yeah, you, yeah, you
Yeah, you, yeah, you
Yeah, you
Making me come
Making me come all undone
You, making me come
Making me come all undone
Yeah, you, making me come
Making me come all undone
Yeah, you, you have become
The only one I?ll ever love
Yeah, you, making me come
Yeah, you, come undone
Yeah, you, you are the one

Yeah, you, are the one
Yeah, you, yeah, you
Yeah, you
Yeah, you, yeah, you
Yeah, you, yeah, you
