

Dragonfly Pie

Stephen Malkmus

Of all my stone digressions
Some have mutated into the trees
Not a spoof
You are the pole expression of all your parents laws which you parsed
There's no r's Can't be what you oughta be
Gotta be what you wanna be Take it with pride
Like a dragonfly
Dragonfly wants a piece of pie
But he is so strung out Shake me off the knife because I want to go home (x 4) Curse the the beat made after jazz
songs
High school principles
Show and tell
Preach and yell Ghostly Iraqi and starship
Ghostly Iena Van Gogh
No more signs
No more lines Can't be what you wanna be
Gotta be what you oughta be Take it with pride
Like a dragonfly
Dragonfly wants a piece of pie
But he is so strung out Shake me off the knife because I want to go home (x 4)

Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
