

# This Is Who I Am

Kelly Price

This is who I am, this is what I do  
I'll spread the gospel, share the good news  
This is who I am, this is what I do  
I'll spread the gospel, share the good news Lord, You knew me long before I was here  
Shaped my destiny, had a plan for me  
Then you sent me to the world to proclaim  
Your love and grace, so in spite of what men say This is who I am, this is what I do  
I'll spread the gospel, share the good news  
This is who I am, this is what I do  
I'll spread the gospel, share the good news Its amazing, all the things that You do  
I'm so grateful, You decided to choose  
Me to draw men from the world back to You  
My life I owe send me Lord, Ill go This is who I am, this is what I do  
I'll spread the gospel, share the good news  
This is who I am, this is what I do  
I'll spread the gospel, share the good news It seems strange when I see  
The way You had for me  
But this charge I must keep  
Ill follow You, wherever You lead This is who I am, this is what I do  
I'll spread the gospel, share the good news  
This is who I am, this is what I do  
I'll spread the gospel, share the good news This is who I am, this is what I do  
I'll spread the gospel, share the good news  
This is who I am, this is what I do  
I'll spread the gospel, share the good news
