

# Demon Cleaner (Edit - "Best of" Version)

[Kyuss](#)

I've got the demons in me  
I've got to flush them all away  
I feel the demons rage  
I must clean them all away Yeah (yeah) Inside I see more,  
Cobwebs in the way  
The magic cleaner will  
Shine his smile over me I am the demon  
Cleaner to save the day  
I get the back one  
Important they'll always stay
