Delicious

Sleeper

You're a big man
But you're out of shape
I could help you
Get it back againWe should both go to bed
Till we make each other sore
We should both stay in bed
Till we make each other roarYou're delicious aha
You're delicious aha
You're delicious aha haaYou're a good man
But you're hard to please
You shouldn't worry
Oh it's just my head that's diseasedWe should both get away
And explore our darkest dreams
We should both find a place
Where no one can hear our screamsYou're delicious aha
You're delicious aha
You're delicious aha haaYou're delicious aha
You're delicious aha
You're delicious aha haaYou're delicious aha
You're delicious aha
You're so dirty ahaMake it dirtier, make it dirtier
You're delicious aha
You're delicious aha haa
