Glider

Captain Beefheart

Into the sun in my glider
There`s ah shadow beside her
Up `n down through the blues
Clouds give me my silent cues
I`m up in my glider
With ah shadow beside her
It begins t` rain on her window pane
Up in my glider
There`s no shadow beside her
Thunderin` `n lightnin`
Gettin` pretty frightenin`
I feel like an outsider
Then the sun shows through `n right on cue
There`s ah shadow beside her
Up `n down through the blues
I`m up in my glider
`N I`m tellin` you boys there ain`t no noise
`N me `n my baby ain`t never gonna bring my glider down
