

# Firebirds!

## Clutch

Outside of Needles I nearly lost my mind  
I pulled over on the shoulder  
Yeah, and I was there for some time  
A young thing came walking  
From out behind the trees  
She gave me consolations  
And this is what she said to me "Firebirds, energy weapons  
Both of these things are interesting to me  
I don't care how you get them  
I need them both and I need them urgently" Yeah, I said, I can get with that  
Oh, I like those things too  
But I don't own a Firebird  
Perhaps this Datsun will do  
Outside of the valley  
Yeah, we got to overheating  
She took off her sunglasses  
And said I believe this bears repeating "Firebirds, energy weapons  
Both of these things are interesting to me  
I don't care how you get them  
I need them both and I need them urgently""Firebirds, energy weapons  
Both of these things are interesting to me  
I don't care how you get them  
I need them both and I need them urgently" (firebirds)Outside of Barstow  
We got to living on the lam  
Sometimes doing odd jobs  
And sometimes living off the land  
Yeah, things went sour  
And the girl, she got to packing  
When I asked her why  
She said "there are two things you are lacking""Firebirds, energy weapons  
Both of these things are interesting to me  
I don't care how you get them  
I need them both and I need them urgently""Firebirds, energy weapons  
Both of these things are interesting to me  
I don't care how you get them  
I need them both and I need them urgently, Firebirds"
