

# I Don't Like You

[JFA](#)

I don't like you  
I don't like you  
I don't like you  
I don't like you  
the way you walk  
the way you talk  
because you lose  
the way you use  
the way you are  
expensive cars  
blow dried hair  
you never cared  
you, you, you, you!
