

Homesick

Devon Allman

My body's weak
And my mind is gone
Been on the road
Way too long
I need you by my side
Help keep me strong
Another day goes by

I wanna go home
And have you by my side
Where I belong
And everything'll be alright

I catch up on sleep
On the aeroplanes
Leave my pocket change
For the hotel maid
It's 9:45 time to take the stage
Another year goes by

I wanna go home
And have you by my side
Where I belong
And everything'll be alright
