Take My Life

Jeremy Camp

Here I am before you now
Like a child reaching out
Here I am I'm giving all I can
Well breaking my pride I feel I'm through
Shattered inside I run to you
And I give it all to youSo take my life, well take my mind
Take my soul, take my will
As I am yours and I give it all to you
So take my life, take my mind
Take my soul, take my will
As I am yours and I give it all to youLaying all down before my king
Offering all my everything
Laying all down before the one I serve
Well I can understand the reasons why
You came on this earth and died
And now I give it all to youSo take my life, take my mind
Ttake my soul, take my will
As I am yours and I give it all to you
So take my life, take my mind
Take my soul, take my will
As I am yours and I give it all to youI can feel you on my shoulder
And I know that you are there
I can see you paint my picture
Where the beauty is all thereSo take my life, take my mind
Take my soul, take my will
As I am yours and I give it all to you
So take my life, take my mind
Take my soul, take my will
As I am yours and I give it all to youI give it all to you
I give it all to you
I give it all to you
I give it all to you
So take my life
