

Pass the Popcorn

The Roots

[Black Thought]

It looks like another one's comin around (3X)

So the Black Thought gotta get down y'all, yeah* in background: "Pass the what? (Pass the popcorn)" 4X *It looks like another one's comin around (3X)

So The Square Roots gotta get down, bust it Yo, I wrote this, basement, Never Never Tunnels type portion

Just to accompany some audio distortion

Bust the popcorn, drop it onto my cassette and
bust it, Kid Crumbs, how ya feel? (I'm feelin blessed man)

Yeah, The Square Roots be the setters of examples

Findin rhythm in the static of your samples

Makin you move to the groove as we sooth
the ear of the listener on the musical

Prisoner G, now you're free you can be all you wanna be

Go where you want or go and see all you wanna see

Because yo, your ambitions I won't neglect

And to the brothers who ain't here, nuff respect

So BROther ?uest, how ya livin, what ya givin black?

To me the brother with the linens and the applejack;
busy til the break of dawn

The first verse is poured I pass the popcorn* in background: "Pass the what? (Pass the popcorn)" 4X *It looks like another one comin around (3X)

So the Black Thought had to get down y'all, yeah* in background: "Pass the what? (Pass the popcorn)" 4X *It looks like another one comin around (3X)

?uestion would you come and get down, bust it, c'mon[?uestlove]

Check it out, secondly

it's me the BROther ?uest from the S-Q-T (Square Roots)

And he's Black Thought, the boy you know is (FUNKY)

The rhythms I recycle sometimes prehistoric

The mic for the popcorn's like it's metaphoric (metaphoric baby)

So many different factors in the ?uestion's style

Arrhythmic by the end, I'm givin more than one child

Abstract soloist comin from the heart

All the way from Philly, from the West part

Relax your mind and let your body be at rest

Flow in slow mo', and let the BROther manifest

Now the second verse has been pourn

On to Kid Crumb I pass the popcorn* in background: "Pass the what? (Pass the popcorn)" 4X *[Black Thought]

It looks like another one comin around (3X)

?uestion ripped the set and got down baby, yeah* in background: "Pass the what? (Pass the popcorn)" 4X *It

looks like another one comin around (3X)
Kid Crumbs would you come and get down, c'mon[Kid Crumbs]
Blessed is the next at the second still before the 4th is passed
I'm gassed off the edible raps, and that's illegible
Tommy used to bug, when I come around
Screamin at the top of my lungs -- you gots to get down
Now, they heard the sound and wanna give the kid a pound
on the down low *whispering* Relax baby, keep it underground yo
From the crown of notty hair that I wear to the funk feet
Wonder why the sisters dig the brother missin five teeth
Peace I gots to rock so pass the popcorn and shit
Quick to lick a shot to umm, Wheezy, and Cricket
Used to kick it in the house until I got myself evicted
Now The Crumbs is restricted to the popcorn, elected
from The Roots, I griff the rest and share the stash of popcorn
Back to Black Thought, rock on (and on)
And on (and on) and on (and on)

And on (and onnnnnn), pass the popcorn!* in background: "Pass the what? (Pass the popcorn)" 4X *[Black Thought]

It looks like another one comin around (3X)
Kid Crumbs ripped the set and got down Baby Pah!* in background: "Pass the what? (Pass the popcorn)" 4X *It
looks like another one comin around (3X)

Black Thought, you know I gotta get down, bust it, yoHoney, glazed, amazed at the art Black Thought dis-plays

I get mad props and the compliment pays
Makin me more funky and it shows on stage
Word right BROther cause I'm goin through a phase
I wanna be a pioneer so trails I blaze
Straight past the days when I used to be enslaved
But don't eat all the popcorn BROther ?uest (What?)
Yo BROther ?uest say it
A bit for my hit makin it legitimate and give
credit to the attitude you set it don't forget well it's
gotta be live, cause that's the way I'm rockin it and
pop-corn is in my pocket then I guess it's rockin yo,
the S-Q-T'n, Black Thought of seeing
I know you're all agreeing, I'm rocking and I'm being
Ripping another chapter, just for you to clap ta
To the sounds of vexed I make you step just like a camper
I pass, the popcorn, the mix I drop on the mic
gon', have you hummin my song, all the way home
It's cool and as long, as you and the song, be mellowin out
together cause it's kind of peace I'm not embarrassed
as I pass the popcorn, and get off the dome
Yo BROther ?uestion, yo Rubber Bandz Square Roots
take it home* in background: "Pass the what? (Pass the popcorn)" 4X *Another one's comin around

It looks like another one's comin around (2X)

When the Foreign Objects get down y'all, yeah* in background: "Pass the what? (Pass the popcorn)" 4X

*Looks like another one's comin around

It looks like another one's comin around (2X)

When Crumbs and the Po'Fo' gets down, yo* in background: "Pass the what? (Pass the popcorn)" 4X *Looks like another one's comin around

It looks like another one's comin around (2X)

When my man Malik Blunt gets down y'all, c'mon* in background: "Pass the what? (Pass the popcorn)" 4X

*Looks like another one's comin around

It looks like another one's comin around (2X)

When my man The Rubber Bandz gets down y'all, c'mon* in background: "Pass the what? (Pass the popcorn)" 4X *Looks like another one's comin around

It looks like another one's comin around (2X)

When the BROther ?uestion gets down, yo* in background: "Pass the what? (Pass the popcorn)" 4X *Looks like another one's comin around

It looks like another one's comin around (2X)

When the group MU6 gets down, and yo* in background: "Pass the what? (Pass the popcorn)" 4X *It looks like another one's comin around (3X)

And when the man Black Thought gets down

It looks like another one's comin around (3X)

When my man Mr. Crumbs gets down..

It looks like another one's comin around.. (shut up!)
