

Got to Get By

Breathe

There are certain times, when I feel there's something stirring in me
Let's get back to basics with the clarity it brings, then maybe I will see
When waters run too high or sun gets in my eyes
It's your name I will call, to catch me when I fall

It seems I look for comfort, like a child in its mother's arms, oooh, safe against the storm
A puzzle with no ending, I struggle just to keep my calm
Woah, I wonder what we've done, yeah
When waters run too high, or sun gets in my eyes
It's your name I will call, to catch me when I fall

Oooh-oooh, got to get by, got to get by, got to, yeah-eh
Got to get by, got to get by, got to, yeah-eh
Got to get by, got to get by, got to, yeah-eh

Amazing grace, how sweet the sound that saves a wreck like me
Oh-oh, I once was blind but now I see, amazing grace for me

Got to get by, got to get by, got to, yeah-eh
Got to get by, got to get by, got to, mmmm
Got to get by, got to get by, got to
Got to get by, got to get by, got to get by
Got to get by, got to get by, got to
Got to get by, got to get by, got to get by
