

# Ruby Nights

## Bic Runga

Ruby Nights  
The last that I saw  
With eyes filled with rain  
A waterfall of gold  
It flickered on his face  
(flickered on his face)  
He rode to the summit  
And waited at the bridge  
I waved him goodbye  
He vanished o'er the ridge  
(vanished o'er the ridge)  
My face to the heavens  
I waited for a sign  
But only cloudy demons were circling in the sky

(circling in the sky)  
I cried to the river  
I cried to the rain  
I begged the ruby night  
To bring my love again  
(bring my love again)

\*interlude\*

The calling of the tune  
The slowing of the sun  
Into the ruby night  
A game we will be won  
(game we will be won)
