Laying Around

Ne-yo

What I wouldn't give to wrestle over the remote control
What I wouldn't give to hit you harder than you thought I could with the pillow
And we stop just for a second because you got a feather in your eye (eye)
I get it out and you kiss me I smile and then we get back to our pillow fight
Now that sounds like fun
If the sky begins to fall we wouldn't even notice
Really wouldn't bother us at all if the world came to an end
Nothing matters but us two, when I'm laying around with you
When I'm laying around with you
What I wouldn't give to
Oh what I wouldn't give to cook you dinner from the microwave
And what I wouldn't give to burn the popcorn and hear you tell me, "baby that's okay"
Baby that's okay
Then you leave to go to the store and its almost too much for me
Though I know it'll only be a minute
Then you come back through the door with a bag of all the foods that we're not supposed to eat
Now tonight that can't be beat
If the sky begins to fall we wouldn't even notice
Really wouldn't bother us at all if the world came to an end
Nothing matters but us two, when I'm laying around with you
When I'm laying around with you
What I wouldn't give to
I want to be in your arms where no harm could ever come my way
I want to be where you are oh near or far every night and day oh
If the sky begins to fall we wouldn't even notice (said I wouldn't notice)
Really wouldn't bother us at all if the world came to an end (wouldn't bother us)
Nothing matters but us two, when I'm laying around with you
When I'm laying around with you
When I'm laying around with you
When I'm laying around with you
If the sky begins to fall we wouldn't even notice (wouldn't notice)
Really wouldn't bother us at all if the world came to an end (world came to an end)
Nothing matters but us two, when I'm laying around with you
Laying around with you
When I'm laying around with you
Laying around with you
Laying around with you
What I wouldn't give to
When I'm laying around with you

No, no, no when I'm laying around with you
