Romeo Delight

Van Halen

I told her never in hell, no special reason
Must 'a lied 'cause I ain't leavin'
We're in for a very long night
Heard a vicious rumor from your Mamma's tongue
You're a desperate woman, need a man with a gun
High crime zone in the city of lights
Baby, please
Can't take it anymore
Oh baby, please
Can't take it anymore
I'm takin' whiskey to the party tonight
And I'm lookin' for somebody to squeeze us
I ain't lookin' for somebody to fight
Baby, don't get uptight
Baby, please
Wanna see my ID?
Try to clip my wings
Don't have to show you proof of anything
I know the law, friend
At the eleventh hour I'm goin' back outside, umm
Give it a try, I'm your last loose end
Baby, please
Can't take it anymore
Oh baby, please
Can't take it anymore
I'm takin' whiskey to the party tonight
And I'm lookin' for somebody to squeeze us
Uh uh uh
I ain't lookin' for somebody to fight
Baby, don't get uptight
Baby, please
(Oww)
Umm baby
Umm baby
Umm baby
I feel my heart beat
Feel my heart beat
Feel my heart beat
Oh yeah

Feel my heart beat
I feel my heart beat
Feel my heart beat
Feel my heart beat
Feel my heart beat
Baby, please us
I can't take it anymore
Oh baby, please us
I can't take it anymore
Baby, please us
I can't take it anymore
Baby, please us
I can't take it anymore
I'm takin' whiskey to the party tonight
And I'm lookin' for somebody to squeeze us
I ain't lookin' for somebody to fight
Baby, don't get uptight
Baby, please
Yeah, baby please
