

# Just Like Heroin (A Little Down)

## Grey Daze

It can't be me, bring us to our passage  
Show me my new skin, so I can see what I've let in  
Standing here with my thoughts  
Low and sound hard to understand  
No one can ever bring anyone to see  
It's my time to fade, dying on the floor  
See myself as I am, excuses are just excuses  
Just like heroin (x3)
