

# To Be Strong

## Beatsteaks

Waiting here in line  
Trying to get the bullshit off my mind  
Time is on my side  
I'm not here to hide  
I need to breathe and I'm not scared But I don't know how it is to be strong  
It feels like this far too long  
Trying to get the pressure out of this song  
So here I am on my own  
With my back on the wall to be strong
