One More Day

MAKUTA

Verse

Dear friend,
I sure hate to see you go
How I know, evening falls on the brightest

Chorus

You had a lot of life to live
And surely, had a lot of love left to give
And I would, offer any price to pay
For one
One more day

Verse

Dear friend,
I wish I could only call
After all, you're the one, I want to make proudest

Chorus

You had a lot of life to live
And surely had a lot of love left to give
And I would offer any price to pay
For one
One more day

Bridge

Even though
Comes tomorrow
Only sorrow in its wake

Chorus

You had a lot of life to live
And you surely
Had a lot of love left to give
And I would, offer any price to pay
For one
One more day
One more day
One more day
One more day
