

Happy Death Men

Echo & the Bunnymen

Happy death men stand in lines
Happy death men
Happy death men polish and shine
Happy death men Happy death men
The last breath men
Happy death men
Take 'em to your heart
Happy death men
No regret men
Happy death men
Like to keep things dark Happy death men stand in lines
Happy death men
Happy death men polish and shine
Happy death men Happy death men
The last-breath men
Happy death men
Take 'em to your heart
Happy death men
No regret men
Happy death men
Like to keep things dark
Okay
Here we go...
