

Live with the Seasons

Teenage Fanclub

Well I love New York like everyone
And I go to Las Vegas to Chill
I like Denver Colorado cause it's so laid back
And Chicago keeps it real
I only leave Dallas when I have to, but
When I do I like Tulsa, OK
And I ain't got nothing against California
But I can't stand LA Well Orlando Florida is humid but it's swell
Austin and Nashville both freakin' rock yes they do!
And New Orleans is evil but it's part of the appeal
You can gamble drink and swear until you drop
The state of Ohio's been great to our band
Along with Phila and Green Bay
I got nothing but love for Hollywood
But I can't stand LA I like Salt Lake City, Portland, Frisco, Santa Fe
Indianapolis and Hartford, too
Boise, Memphis, Sioux Falls, and of course KC
Along with Pittsburg and Kalamazoo
Atlanta is our home away from home and here's a shout out to Sauget
And I wish my friends would leave that place
'Cause I can't stand LA Traffic Sucks
No protected lefts
Snooty fucks
Pollution fills the air
Gang Fights
\$7 beers
And the threat of breaking off into the sea
