Hurricane

Y&T

Cold chill, down your back
You feel the power, about to attack

The wind is gone, I scream with pain
You hear it's warning and it drives you insane
It gonna drive you insane

Well, it's a hurricane, yeah
And it's coming down on you, you
Well, it's a hurricane, yeah
And it's coming down on you, you, you, you

Fear strikes, deep inside
You're on your own, with no place to hide
Much too late, you hear that sound
You're in it's grasp, never to be found

Well, it's a hurricane, yeah
And it's coming down on you
Well, it's a hurricane, yeah
And it's coming down on you, you, you, you

Oh gonna get you

Cold chill, down your back
You feel the power, about to attack
Gonna attack

Well, it's a hurricane, yeah
And it's coming down on you
Well, it's a hurricane, yeah
And it's coming down on you, you, you, you, you, you, you
Gonna get you baby
