

If I Die Tonight (feat. Novel)

Lecrae

(Hook)

If I die tonight

I'll go knowing I gave this world my everything

And if I die tonight

And if I die tonight

You ain't gotta cry

'Cus you know that heaven wins

If I die tonight

and only if I die tonight

and only if I die tonight

If I die tonight

Yea, if I die tonight(Verse)

If I die tonight I pray to God that my time is right

And even though folks say time is money

You can't earn no more time tonight

And tell my girl don't cry for me

'Cus I'm right here beside the King

And tell my boys go ride for me

And stay unashamed til they flatline

Could've spent my time on that back 9

Smoking only Cuban, sippin red wine

I could've hit the streets and duck fair time

but my life ain't mine it's his time so

I ain't tryna waste my minutes

I don't even know my limits

But I'm gonna get

Tell my kids that I did what I could and I love them dearly

tell my sisters love and don't give up

Tell my bros I meant to get with em

And that truth I claim I'll take to my grave

And my faith is real, I'm no quitter

Just don't # it on Twitter

This that real life so go and live it

If I die tonight they gon close my casket but I promise yall I'm gon get it(Hook)

If I die tonight

I'll go knowing I gave this world my everything

And if I die tonight

And if I die tonight

You ain't gotta cry

'Cus you know that heaven wins
 If I die tonight
 and only if I die tonight
 and only if I die tonight
 If I die tonight
 Yea, if I die tonight(Verse)

I'm about to be with my loved ones that I lost
And my life ain't never been perfect but I had perfect faith in that cross
 So tell all the haters your loss
 But I still love you, no fault

And this chess game ain't no threat mane 'cus my king ain't never been caught
 Tell my queen to pardon my faults
 Still those songs the people ain't got
 All these folks who with us for the last time
 And look at us, now we can't stop
 Sometimes, the first one to lead
 Is the first to make big mistakes
 And the first one to be criticized and the first one to feel hate
 But I swear the moves that I made
 I was tryna work on my faith

I've been wrong before but where I'm bout to go they won't put it all in my face, nah
 I just dared to do what they scared to do
 And if I die tonight just know
 I made me an heir too(Hook)
 If I die tonight

I'll go knowing I gave this world my everything
 And if I die tonight
 And if I die tonight
 You ain't gotta cry

'Cus you know that heaven is there oh
 If I die tonight
 and only if I die tonight
 and only if I die tonight
 If I die tonight
 Yea, if I die tonight
