Unconscious

Rebeka

The deepest pain inside
The highest price to pay
The biggest lies are said
I'm just a fake in lifeUnconscious
(Unconsciousness)
Unconscious
(Unconsciousness)Alone I fall again
My blood runs through my vein
My brain and my strength
No longer are the same, noUnconscious
(Unconsciousness)
Unconscious
(Unconsciousness)The moment of truth
Destroy the sense of it
I thought that was then
I thought that was theStill I fear
(Unconsciousness)
Still I seek
(Unconsciousness)
Ohh stillStill I fear, still I seek
Still I fear, still I seek
Unconscious
(Unconscious)
Unconscious
(Unconscious)
