Through the Dark

One Direction

You tell me that you're sad and lost your way
You tell me that your tears are here to stay
But I know you're only hiding

And I just wanna see youYou tell me that you're hurt and you're in pain

And I can see your head is held in shame,

But I just wanna see you smile again

See you smile againBut don't burn out

Even if you scream and shout

It'll come back to you

And I'll be here for youOh I will carry you over

Fire and water for your love

And I will hold you closer

Hope your heart is strong enough

When the night is coming down on you

We will find a way through the darkI wish that I could take you to the stars

I'd never let you fall and break your heart

And if you wanna cry or fall apart

I'll be there to hold youYou tell me that you hurt, it's all in vain

But I can see your heart can love again

And I remember you laughing

So let's just laugh againBut don't burn out

Even if you scream and shout

It'll come back to you, back to youOh I will carry you over

Fire and water for your love

And I will hold you closer

Hope your heart is strong enough

When the night is coming down on you

We will find a way through the darkAnd you don't need

You don't need to worry

And you will see it's easy to be loved

I know you wanna be lovedOh I will carry you over

Fire and water for your loveOh I will carry you over

Fire and water for your love

And I will hold you closer

Hope your heart is strong enough

When the night is coming down on you

We will find a way through the darkOh I will carry you over

Fire and water for your love

And I will hold you closer

Hope your heart is strong enough
When the night is coming down
We will find a way through the dark
