Footprints In The Snow

Uriah Heep

Just like footprints in the snow
Who knows where my heart will go?
Will it lead me to you
Or will I see another empty day? YeahSeasons come and quickly go
Kinda makes me wonder if they know
Why my heart keeps running near and far
If only they could tell me where you are, ohIf you've ever been in love
Then you'll know the rocky road
I've been speaking of
You'll remember
When the times were good
And the times you had to do without
Think carefully my friend
It may look like the start
But it could be the endWell, I'm not trying to bring you down
I'm just so tired of hangin' around
I won't make the same mistake againIf you've ever been in love
Then you'll know the rocky road
I've been speaking of
You'll remember
When the times were good
And the times you had to do without
Think carefully my friend
It may look like the start
But it could be the endThink carefully my friend
It may look like the start
But it could be the end
Oh, think carefully my friend
